# Perfect qualifications: sign them up.

Take it from Toshiba. Every time you want to recruit new staff, it's the same story: either the applicants want too much, or they don't come up to spec. So to fill your skills gap we now have two superbly qualified applicants of our own: the new Satellite Pro 430CDS and 430CDT. They offer all the back-up for your business needs: a 120 MHz Pentium processor, a 10-speed CD-ROM and a bright colour screen. And what's more at a price that will have your finance department saying "Hire them. Now!". The best of both worlds. If you've any doubts, just read on.

In Touch with Tomorrow

TOSHIBA

Highly motivating: Fast 11.3" colour screen with 800 x 600 resolution.

Complete independence: cable-free data transfer via the infra-red port.

Ready any time: the ultimate desk-top solution – one-touch connectivity to PC Card slots via the optional Card Station.

Here's flexibility for you: 10-speed CD-ROM drive or floppy-disk drive. At your fingertips, swap over whenever you need to.

Two highly qualified recruits from Toshiba.

Here are two applicants that have really got what it takes, the Toshiba Satellite Pro 430CDS and 430CDT. Their CVs are simply impeccable: 120 MHz Pentium processor, well-proven "Voltage Reduction Technology" and a 1.35 billion byte hard disk.

The high-speed EDO RAM means their average "tea break" is just 60 nanoseconds. And the EDO RAM is expandable from 16 MB to 48 MB.

Then there's the 10-speed CD-ROM drive – a must for all multimedia high flyers. And when you need to, it's simplicity itself to swap the CD-ROM over to the bundled floppy-disk drive. Now that's versatility!

Like all employers you're probably looking for that something extra – it's there in the Zoomed Video port. Working with the optional MPEG card it carries video data direct on to the screen. So you get full-motion, full-screen video and, thanks to the stereo sound card, a superb quality sound track too.

The energy-efficient Satellite Pro 430CD Series is powered by lithium-ion batteries which offer two important advantages over conventional power sources: they do away with memory effect and they enable you to work in energy-saving mode for up to 4 hours.

And when your dealer tells you how little it costs to employ these go-getters, you'll know you've just found your new business partners!

Product Specifications

Processor
Intel Pentium processor, 120 MHz ext., 2,9-volt core using Voltage Reduction Tech-nology, 16 KB cache on chip

Memory
Standard 16 MB EDO RAM, expandable to 40 MB (EDO RAM)

Hard disk
1.35 bill. byte capacity (1.29 GB)

Diskette drive
3.5" 1.44 MB/720 KB, media type checking, swappable with CD-ROM drive, can also be used externally

CD-ROM drive
10-speed, 12 cm (5.25") and 8 cm (3.5") disks, Data transfer: 1700 KB/s, Average random access time: 180 ms

Display
430CDS: 11.3" DSTN colour screen
430CDT: 11.3" TFT colour screen

Graphics adapter
SVGA-/VGA compatible, dual display mode, PCI Bus, BitBIT 64 Bit graphics accelerator

Internal video modes
430CDS: 800 x 600 x 64K colours
430CDT: 800 x 600 x 16.7 mill. colours
Optimised colour adaption used for colour depths above screen capabilities.

External video modes
640 x 480 x 16.7 mill. colours
800 x 600 x 16.7 mill. colours
1024 x 768 x 64K colours
1280 x 1024 x 256 colours
Up to 85 Hz refresh rate

Keyboard
84 keys, integrated MousePoint, 12 function keys, 8 dedicated cursor keys, inlaid numeric keypad, 8 Hot Keys

Sound system
16-bit Sound Blaster Pro compatible, MIDI & WAVE support, Built-in speaker & microphone

Interfaces
Serial port, parallel port (ECP), ext. VGA monitor, PS/2 mouse or key-board, ext. FDD, serial infrared port, audio in, headphone, ext. micro-phone, Card Station also provides MIDI/Joystick connector, ZV-port, serial, PS/2 mouse or keyboard, audio in, headphone, ext. microphone

Expansion
2 x PC Card (PCMCIA 2.0) Type II or 1 x PC Card (PCMCIA 2.0) Type III, ZV card ready, memory expansion slot (SIMMs) with 8/16/32 MB, Card Station provides additional 2 x PC Card Type III slots

Integrated power supply
Autosensing 100-240 V AC adaptor for world-wide usage

Battery
Removable lithium-ion batteries, up to 4 hrs battery life

Size and Weight
299 x 235 x 57 mm, 3.4 kg (7 lb)

Bundled software
Microsoft Windows®95 or other Microsoft operating systems (upon request), PCMCIA Socket and Card Services software, screen drivers, MousePoint driver, ESS Audio Applications, CD-ROM driver, TranXit serial infrared software, all pre-installed on the hard disk

Bundled hardware
Ext. diskette drive

Special features
Toshiba AutoResume with AutoSave, MaxTime™ with Advanced Power Management, HotLock, system pass-word, Plug and Play BIOS, 3 year International Warranty

Options
Carrying case, Card Station, extra battery packs, battery charger, 8, 16 and 32 MB memory modules, PC Card Ethernet adapter, PC Card High Speed modem
